

# Host-virus Interactions Special Symposium

Hosted by the Foster Lab, Michael Smith Laboratories & the Life Sciences Institute

 **JUNE 5, 2025**

## Introduction by Leonard Foster

 9:00 - 9:10 a.m.

### KEYNOTE INTERNATIONAL SPEAKER ★

#### Andrea Gamarnik

Director Molecular Virology, Fundación Instituto, Leloir-CONICET, Buenos Aires, Argentina

*Molecular Mechanisms of Dengue Virus Replication and Immune Evasion*

 9:15 - 10 a.m.

#### Queenie Chan

Research Associate, Foster Lab

*Interactome mapping through co-fractionation/mass spectrometry to study host-pathogen interactions*

 10 - 10:30 a.m.

### KEYNOTE INTERNATIONAL SPEAKER ★

#### Tzachi Hagai

Shmunis School of Biomedicine and Cancer Research

*The Evolution of Host-Virus Interactions: Lessons from Viral Mimicry*

 11 - 11:45 a.m.

 **MSL 101**

Coffee & refreshments provided
